CITIZENS OF RICHLAND COUNTY UNITE!!

On December 30, 1986, Richland County Council passed the Clean Indoor Air Ordinance which prohibits smoking in county buildings, department stores, elevators, hospitals, public schools, public theaters and public transportation.

THE ORDINANCE IS NOW IN JEOPARDY!!

Due to lobbying specialists of the Tobacco Institute, a move is being made to rescind the ordinance. We, as Richland County residents in favor of clean air in our county, must unite to fight this move by the Tobacco Institute.

Five new councilpersons have been elected to the council. In order to inform them about the importance of restricted smoking areas and the hazards of secondhand smoke, we must contact each council member individually to make our feelings known.

Listed below are the new members of Richland County Council. Please write and call each person of the council and give your support for the Clean Indoor Air Ordinance.
